Career Objective

To pursue a rewarding career in a reputed organization, leveraging over 10 years of frontend and eCommerce development experience to deliver innovative web solutions. I aim to continuously grow through challenging projects while contributing to organizational goals with creativity, precision, and accountability.

Professional Experience

Senior Shopify Developer – Vagabond Pvt Ltd. (March 2021 – May 2024)

- Developed and customized Shopify themes from scratch as per project requirements.
- Integrated custom Shopify Apps to extend platform functionality.
- Optimized performance for faster load time and better SEO using best practices.
- Collaborated closely with UI/UX designers and backend teams.
- Led migration projects and handled third-party API integrations.

Frontend Developer – Freelance (Dec 2020 – July 2021)

- Delivered complete eCommerce solutions on Shopify for various clients.
- Created responsive, SEO-optimized pages with reusable components.
- Improved existing websites for UX and speed performance.

Frontend Developer – Baseline IT Development (Nov 2011 – Dec 2019)

- Designed and implemented web interfaces and admin dashboards using HTML, CSS, CMS, and JavaScript.
- Managed MySQL databases and supported backend functionality.

- Ensured mobile-first design principles and accessibility compliance.
- Handled end-to-end design tasks from mockups to final delivery.

WordPress Blog Manager – Internet Research Cell (June 2009 – Oct 2011)

- Created and managed responsive layouts using HTML5, CSS3, SCSS, and Bootstrap.
- Developed themes and plugins aligned with client branding.
- Maintained and optimized WordPress blogs and landing pages.

Education

Bachelor of Science in Information Technology (BSc-IT) – Punjab Technical University, 2009

Projects

Tundra Music – <http://www.tundramusic.com/>

Developed the homepage and key landing sections. Integrated marketing banners and managed client-side QA communication.

Shipley Donuts – <http://shipleydonuts.com/>

Improved user flow, managed product listings, and created responsive layouts for better mobile experience.

KG Lilly – <https://kglilly.com/>

Created sections for skincare product catalog, improved layout responsiveness, and optimized site for SEO.

The Strong Coach – <https://thestrongcoach.mykajabi.com/>

Customized course pages, integrated Kajabi plugins, optimized media delivery and CTA sections.

My Portfolio – <https://rajneesh2848.github.io/portfolio/>

Developed using ReactJS, Bootstrap, and GitHub Pages. Created reusable components, implemented client-side routing, and managed full deployment.

GitHub User Finder – <https://rajneesh2848.github.io/gituser/>

React app using GitHub API, useState and useEffect hooks. Styled with React-Bootstrap.

ZipRoles – <https://rajneesh2848.github.io/ZipRoles/>

Dynamic UI for exploring role-based functionality using modular React architecture.

Course Finder WebApp – <https://finder-owoa.onrender.com/>

Python/Flask-based full-stack web application designed to help students find information about colleges and available courses across India. The app features dynamic search filters, a user-friendly interface, and templated front-end using Jinja2. The backend is built using Flask, with SQLAlchemy ORM handling data retrieval and integration with a relational database. Features include clean URL routing, input validation, error handling, and full CRUD capabilities. The application was deployed on Render for live access, demonstrating scalable architecture and efficient server-side rendering.

Technical Skills

- Frontend: HTML5, CSS3, JavaScript, jQuery, Bootstrap, SCSS
- Frameworks & CMS: React.js, Vue.js, Node.js, Shopify, WordPress, Joomla, Drupal, Opencart, BigCommerce, Kajabi
- Backend: PHP, Python, SQL
- Tools: Git, VS Code, Figma, REST APIs, Liquid (Shopify)
- SEO Optimization: On-Page SEO, Meta Description Optimization, Keyword Placement & Research, Title Tag Structuring, Alt Tag Implementation, Image Optimization, URL Structure Refinement, Debugging SEO issues

Awards

Outstanding Performance Award – Baseline IT Development

Shopify Custom Development Excellence – Vagabond Pvt Ltd.
